## 2) Project Title and Description

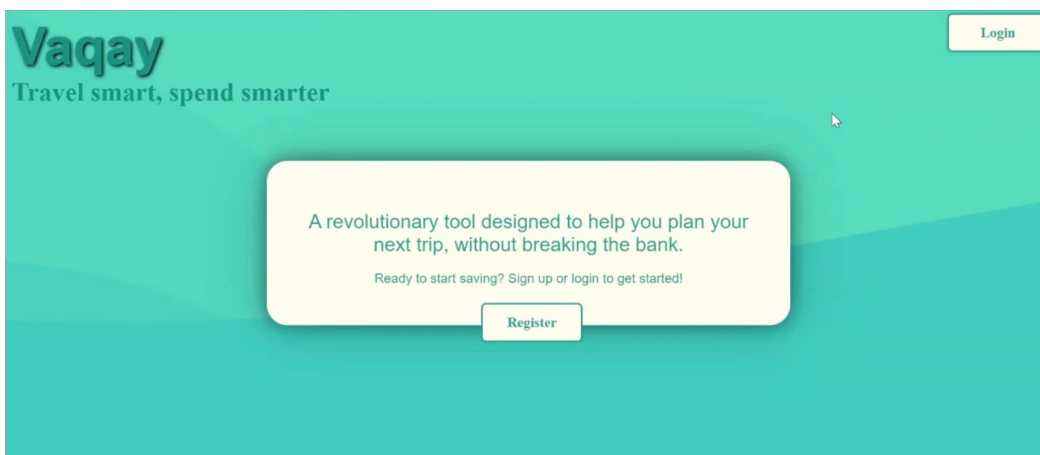

*Title: Vaqay*

*Creating and adhering to a budget while traveling is essential for a successful trip; however, it can be a daunting task to plan, manage expenses, and divide costs amongst multiple people, especially when traveling in a large group. Our proposed web application aims to make this process easier by providing a collaborative, user-friendly platform for creating and managing a travel budget, tracking transactions, and analyzing spending.*

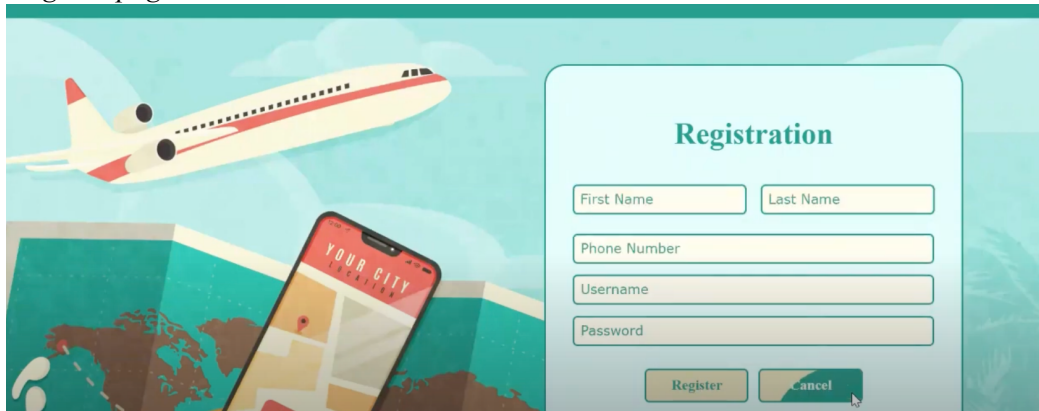

## 3) Accomplishments and overall project status during this increment

*Interconnection between database to the web application has been established. Login interface is fully functional. The Register page enforces constraints on the username, first name, last name, email address, phone number, and password requirements.*

*We've completed design and implementation of Landing page,*

*Register page,*

The Register page features a light blue background with a stylized illustration of a yellow and red airplane flying over a green map. A smartphone in the foreground displays 'YOUR CITY' on its screen. On the right, a white registration form is titled 'Registration'. It contains four input fields: 'First Name', 'Last Name', 'Phone Number', and 'Username'. Below these is a 'Password' field. At the bottom of the form are two buttons: 'Register' and 'Cancel'.

Registration

First Name Last Name

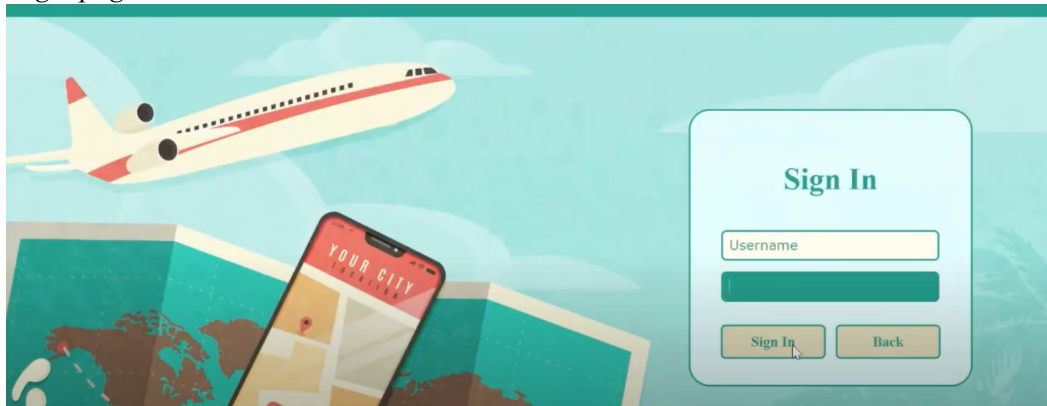

Phone Number

Password

Register Cancel

*Login page,*

The Login page has the same background illustration as the Register page. On the right, a white sign-in form is titled 'Sign In'. It contains two input fields: 'Username' and a password field. Below these are two buttons: 'Sign In' and 'Back'.

Sign In

Username

Sign In Back

*Dashboard page,*

The Dashboard page has a teal header bar. On the left, it says 'Hi {{ session.username }}!'. On the right, there are links for 'Your Profile' and 'Sign Out'. Below the header, the word 'DASHBOARD' is displayed in large teal letters. To the right of 'DASHBOARD' is a '+ Add Budget' button. Below this is a table with a yellow header row. The table has three columns: 'BudgetName', 'Budget Type', and '01/01/2000 - 02/01/2000'. The first row of the table is empty. To the right of the table are two icons: a pencil and a trash can.

Hi {{ session.username }}!

Your Profile Sign Out

DASHBOARD

+ Add Budget

| BudgetName | Budget Type | 01/01/2000 - 02/01/2000 |
|------------|-------------|-------------------------|
|            |             |                         |

*Display Budgets, Add Budgets, Register, & Login pages are implemented on a back end and are functional.*

*CreateUser stored procedure is written, deployed, and utilized by Register functionality (page).*

## **Challenges, changes in the plan and scope of the project and things that went wrong during this increment**

*Adapting screen sizes;*

*Evaluating requirements and optimizing the design accordingly.*

### **4) Team Member Contribution for this increment**

#### **a) Progress Report:**

- a. *Not much has changed from the first increment in this document, but updates that were done to the progress report during this increment were done by YT*

#### **b) Database:**

- a. *Stored procedures: YT*

#### **c) Front End:**

- a. *Login page, dashboard page, registration page: YK, landing page: AF*

#### **d) Back End:**

- a. *All backend code is done by AT & NP*

#### **e) Video presentation:**

- a. *UI presentation: YK*
- b. *Backend & Scope Update presentation: AF*

### **5) Plans for the next increment**

*Budgeting, dashboard pages are completed.*

- *Users are able to login to their account, create and manage budget, navigate dashboard.*

*Finalize documentation.*
